

**Timothy Stammely**  
Director of Program Management, Manchester, N.H.

Timothy Stammely is director of program management for Intervala's Manchester, N.H., manufacturing operation, where he leads the site's program management function and staff. His accomplished career reflects nearly 30 years of experience in operations management, process engineering, NPI management, supplier management and business process improvement for companies within the electrical and electronics manufacturing industry.

Tim joined Intervala in 2023 from MKS Instruments, Inc., where he served as principal value analysis engineer. He previously was employed in senior program management roles with leading EMS and OEM providers, including Mercury Systems, Inc., and Benchmark Electronics, Inc., among others.

Tim attended The Pennsylvania State University, graduating with a bachelor's degree in industrial engineering.
