

Steve LeCour Director of Quality and Compliance

Steve LeCour is director of quality and compliance for Intervala where he ensures that products manufactured by the company meet all necessary quality and regulatory requirements. He also directs the company's quality management system and continuous improvement initiatives. Steve is an accomplished operational excellence leader with more than three decades of quality, engineering and operations leadership experience in the high-complexity electronics manufacturing arena.

Steve joined Intervala in 2022 with the company's acquisition of EPE Corporation where he served as director of quality and compliance. He previously was employed as plant manager for Zollner Group, formerly EIT Incorporated, and director of operations for Secure Care Products Inc. During his extensive career, Steve also held operations and engineering leadership positions with Colonial Electronics Inc., SCI Systems Inc. and BAE Systems.

Steve holds a master's degree in manufacturing engineering from Boston University, an MBA from Southern New Hampshire University and a bachelor of engineering in industrial technology from the University of Massachusetts Lowell.
